

Portfolio - Criteria for grading - 2021/22

Quantitative Criteria

Quantitative: max. 32 points

Points	0	2	4	6	8
1) Number of posts, images in the text are welcome as well	less than 2 posts	2-3 posts	4-5 posts	6-7 posts	8 posts or more
2) Continuity of writing - posts written in	only one month	2 months	3 months	4 months	more than 4 months
3) lectures / classes documented in the posts	none	sometimes	half the time	often	very often
4) networking - with colleagues, other resources - links	no networking	some networking	networking in the half of the posts	many links	networking, links in (nearly) any post

To get a positive grade you should write at least 3 posts during one semester. I recommend writing about one post every month.

Qualitative Criteria

Design & appearance: max. 16 points

points	0	2	4	6	8
5) Design: clear structure, visible portfolio posts	Chaos	structure not visible	some structure	clear structure	something special
6) appearance	no love, effort	some love, effort	Ok	good maintained and cultivated	something special

As taste is very subjective I will give all the points (8) if you write 6 posts or more – 6 points in the case of 4 or 5 (or 3 very long posts) – 4 points for 3 posts. But I will complain if the structure is unclear and I can't identify the portfolio posts.

Reflection & transfer: max. 16 points

points	0	2	4	6	8
7) Reflection	no reflection, report	imprecise reflection	clear reflection	great content, interesting	reflection relevant for others
8) transfer to your work / application of knowledge in real life	no transfer	only small transfer	transfer	good, interesting transfer	relevant for others

Before the grading becomes official, I will inform you about the points and we will discuss/negotiate them.

Qualitative max 32 points, quantitative max 32 points
